Sunbeatables® Program

ASPIRE is a bilingual, online tool that helps middle and high school teens learn about being tobacco free. It explains the dangers of tobacco and nicotine use, so they never start smoking. Or, if they already do, it gives information and ways to quit.

- Students can earn a certificate of completion upon finishing the program. Click on "Student Log In" to begin.

Access the new ASPIRE 2.0

The new ASPIRE includes new and emerging products such as e-cigs, hookah and synthetic marijuana.
